

## Practice Educator Refresher Day – Free Event

Thursday 16 May 2019 10.00 – 16.00 Business School BS2025

As part of our ongoing commitment to the support of Practice Education and the development of practice learning capacity within the Teaching Partnership, we are facilitating a one day refresher event for qualified Practice Educators who would like to update their knowledge and skills. We particularly welcome those who have had a break from Practice Education and want to return to this role. You will be provided with resources and the time and space to work with colleagues to talk and think about your practice and to plan for resuming your practice education practice.

### Learning aims

To assist experienced Practice Educators to actively and confidently resume their practice education role, thereby also increasing placement capacity in the region

### Learning outcomes

By the end of the day participants will have

- developed their knowledge and understanding of the current context of practice education
- reviewed their knowledge and understanding of the Practice Educator Professional Standards (PEPS)
- refreshed their existing knowledge and skills as teachers, enablers and assessors of learning and development, including exploring some teaching tools, and
- developed an action plan to address developmental areas, including resuming their practice education practice

You can find directions to the campus here
