This conference will be a comprehensive and valuable day for practitioners who are working with children and young people across all areas of the children's workforce. The day will begin with an inspirational introduction film and assessment by Dr Jo Steer and Daphne Cotton, WAVE Trust 70/30 Ambassador Consultant Facilitator, 'Best Beginnings'.

There will also be the opportunity for networking, sharing ideas and to attend a variety of workshops, hearing from experts in the field. This exciting day will conclude by hearing from an ACE survivor who is the author of ACE in the 'Shadows and Founder of the Cumbria resilience project' and a core participant in the 'Independent inquiry into child sexual abuse in London' (IICSA). Attendees will be provided with information and skills to help support our children and young who have experienced highly stressful events.
