# Introduction

The provision of high quality social work services relies upon a highly skilled, well-trained, supported and motivated workforce. All practitioners in our region should have the opportunity to grow, develop and progress throughout their career. The Teaching Partnership aspires to provide and invest in enhanced continuing professional development (CPD) opportunities for practitioners and managers within South West London and Surrey, equipping them to deliver outstanding social work practice.

This brochure includes a range of upcoming CPD opportunities, either delivered by the Teaching Partnership or by its partner agencies, for those across the region. If you have questions about any of the information contained herein, or any suggestions as to the provision being offered, please contact the Teaching Partnership Team at [admin@developingtogetherswtp.org.uk](mailto:admin@developingtogetherswtp.org.uk)

It is also recommended to regularly visit the Events page on the Teaching Partnership [website](#) as new events are often added.

You can also follow us on Twitter to keep up to date with the latest goings on:

# Continuing Professional Development

- Continuing professional development (CPD) for social workers is regulated by Social Work England (SWE), which sets the standards needed for continued registration;
- All those within the Teaching Partnership will be supported to continue to develop their skills and improve their practice through learning and development opportunities, within their own agencies and beyond;
- Learning can and does take place in a variety of ways and in different circumstances so the Professional Capabilities Framework (PCF) and Knowledge & Skills Statement (KSS) act as a framework to inform CPD requirements for individual Social Workers;
- Staff will be supported by their managers to take professional responsibility for developing their skills to a high professional standard.

**Don't forget that you must upload a minimum of 1 piece of CPD evidence to your Social Work England account by 30.11.2020 in order to be able to renew your registration and continue to practise. You can find a helpful video tutorial and other guidance from SWE [here](#).**

# Virtual Workshop Etiquette

We are really looking forward to seeing you at our events. In order for you to get as much out of virtual events as possible we ask that you familiarise yourself with the points below:

- **Join on time.** We won't admit anyone who is more than 15 mins late. If you know this may be a problem, please contact us beforehand at [admin@developingtogetherswtp.org.uk](mailto:admin@developingtogetherswtp.org.uk)
- When you first join, please click on the participants icon, and **check that your name is displayed correctly**. We aim for the session to be interactive, and so it is important that we know your name. We also need your name to send you a CPD Certificate!
- Please **turn your cameras on** when you join. For the session to be interactive, and to support the trainer to facilitate effectively, it is important we can all see each other - so much of our communication is through body language. We realise there are some specific reasons why occasionally this is not possible. If this is the case, write us a private message using the chat function when you first join the workshop.
- Please do participate, either by using the chat, or by asking a question. When you are not speaking though, please can you **mute yourself** to reduce feedback and background noise.
- We regularly use jamboards and other activities, so it is useful to **have another tab open on your web browser**. On Zoom the links sent in the chat box are not always hyperlinks, so you'll need to copy and paste the link into a browser. Having a separate tab ready will make it easier for you to participate.
- We know that circumstances can change - if you know you can't make the event, **please cancel your ticket** on Eventbrite - this automatically offers someone on the waiting list the opportunity to attend.
- We have created [a short Zoom guide](#) about how to use functions on this platform. If you have not used Zoom before, or are not confident in using it, please do have a look at this.

**N.B. We may record some workshops for future use.**

## BLM and the Voice of Social Work - Discussion Groups

A number of our partner agencies have announced the practical actions they will be taking to address the role that they and the social work profession must play in addressing the injustice and racism that led to the death of George Floyd.

In addition, the Teaching Partnership Team will be facilitating Discussion Groups - BLM and the Voice of Social Work.

We have identified the first area for discussion which will be Unconscious Bias. An article or piece of research will be shared in advance of each session and the session will be an opportunity to discuss this as a group. The group will also be the forum for deciding what discussion areas will be the focus for subsequent sessions. For Unconscious Bias, there are 3 date options to choose from:

If you have any queries about the Discussion Groups, or if you're interested in co-facilitating some sessions, please contact [josie.newton@developingtogetherswtp.org.uk](mailto:josie.newton@developingtogetherswtp.org.uk) or [sarah.cave@developingtogetherswtp.org.uk](mailto:sarah.cave@developingtogetherswtp.org.uk)

## BLM and the Voice of Social Work - Discussion Groups

The Teaching Partnership Team have recently co-facilitated a number of 'BLM & the Voice of Social Work' discussion groups. After reviewing the feedback from the first 3 groups, and putting a call out for more volunteers to lead on these, we have identified dates for 3 future groups.

An article, piece of research, image or video will be shared and the session will be an opportunity to discuss this as a group. Constructive feedback and themes emerging from the discussion will be shared with senior management across the Partnership.
